The image shows a document page with a grid-like structure, likely a ledger or form. The page is heavily degraded with significant noise and artifacts, making the text mostly illegible. The grid consists of multiple rows and columns, with some text visible in the top left corner, possibly indicating a date or header. The overall appearance is that of a low-quality scan of an old document.

[illegible]

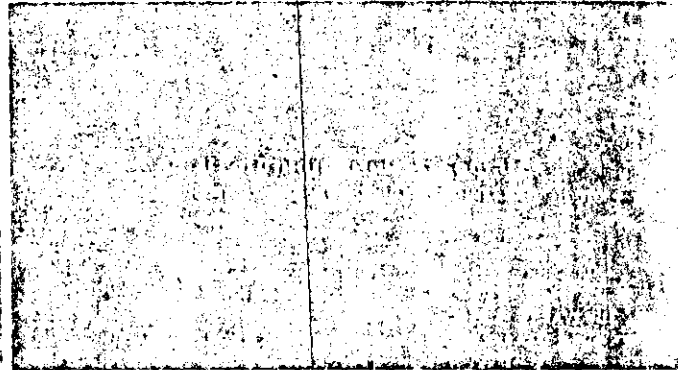

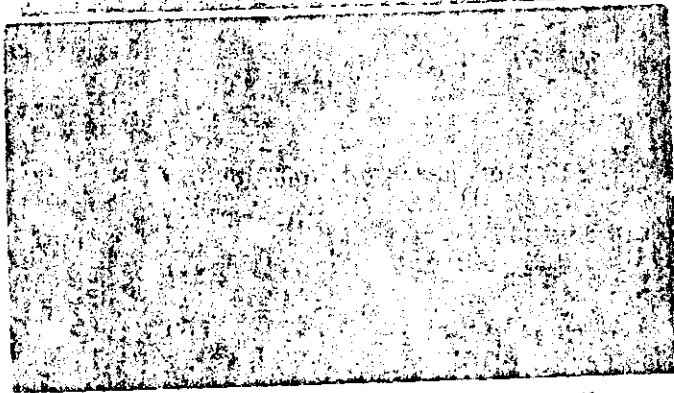

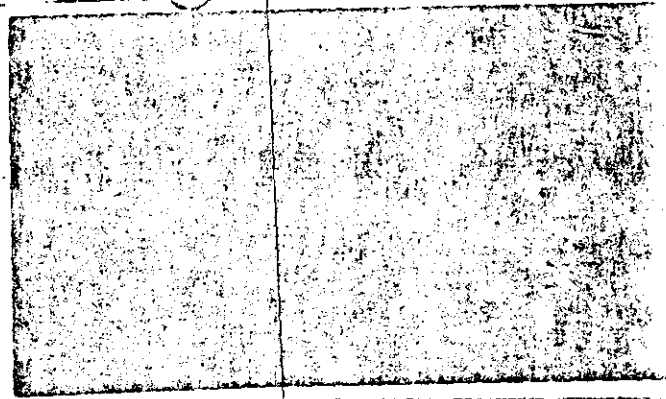

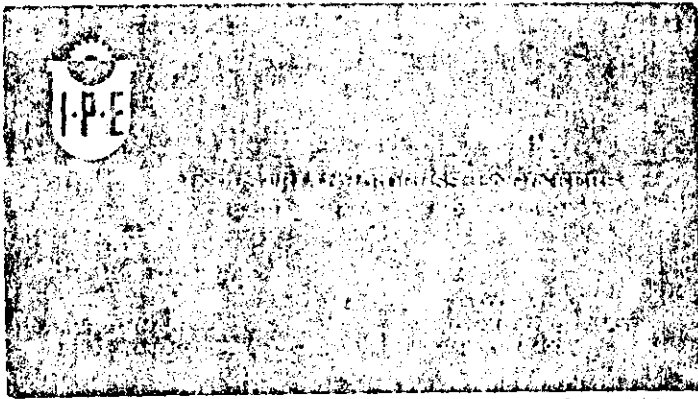

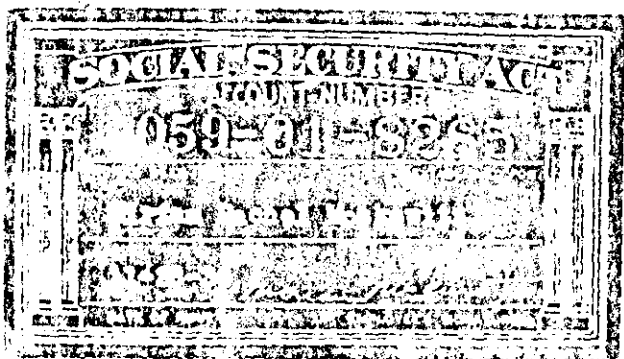

The image shows a document page, likely a ledger or account book, with a high-contrast, black and white appearance. The page is divided into two main columns by a vertical line. Each column contains multiple rows of text, which appear to be handwritten entries. The text is heavily obscured by noise and artifacts, making it largely illegible. The left column has a header row that reads "RECEIVED" and "PAID". The right column has a header row that reads "DEBIT" and "CREDIT". The entries are organized into columns, suggesting a structured accounting system.

[illegible]
